

# St. Paul Catholic High School

## 2022 Summer iPad Purchase Program

St. Paul has a 1:1 iPad program for all students. Each student is expected to have their iPad with them each school day. The goal is to be able to enhance each student's learning experience in the classroom through a uniform technology platform.

Families are free to purchase any iPad on their own, the one requirement for a student's iPad is that the iPad must be capable of upgrading to the latest operating system this coming fall (iPadOS 16). Students are free to choose any model, color or any storage capacity. Having a physical keyboard with your iPad is a personal choice for each student since physical keyboards are not required. While cases are not required, students are strongly encouraged to protect their iPad with some type of case. The choice of case is left up to the individual student and family.

There will be an opportunity for St. Paul families to order iPads directly from St. Paul. Any orders placed through St. Paul carry a small discount on the cost of the iPad as well as a small discount on the insurance (AppleCare) which covers the iPad for four years.

**The ordering period will begin on Thursday, June 9 and close on Thursday, June 23.** Families may e-mail their order to [ipad@spchs.com](mailto:ipad@spchs.com). Three models will be available for bulk purchase from St. Paul for the coming school year:

Option #1: Space Gray iPad 10.2" screen with 64 gigabytes of storage for \$403.00.

Option #2: Space Gray iPad mini with 64 gigabytes of storage for \$553.00

Option #3: Space Gray iPad Air 10.9" screen with 64 gigabytes of storage for \$653.00

Option #4: Space Gray iPad Pro 11" screen with 128 gigabytes of storage for \$938.00

If the model of iPad you would like to purchase is not listed above, please e-mail [ipad@spchs.com](mailto:ipad@spchs.com) with your request and we will e-mail you back the cost of your desired iPad. All iPads purchased from St. Paul come with four years of insurance (AppleCare) included in the final cost.
